ATM Access

With a Navy Federal Debit Card or CUCARD®, you have 24-hour access to free Navy Federal ATMs and thousands of free CO-OP Network® and Walgreens (in California) ATMs.

At a Navy Federal ATM, you can:

- withdraw cash from your checking account, savings account or Money Market Savings Account
- make balance inquiries
- transfer money between all your accounts, except certificates and IRAs
- make deposits to your checking account, savings account and Money Market Savings Account
- make payments to your consumer loan, Checking Line of Credit, mortgage and equity loans—applies to select cards/accounts

At CO-OP Network, Walgreens (in California) and Visa®/PLUS® System ATMs, you can:

- withdraw cash from your checking account, savings account and Money Market Savings Account
- make balance inquiries and transfers where available

- make deposits at all participating CO-OP Network ATMs. Deposits made at a non-Navy Federal ATM are subject to a hold and may not be available for five business days.

You can also access an international network of ATMs in the Visa/PLUS System for a fee. Most Navy Federal checking accounts offer Visa/PLUS System ATM fee rebates.² Fees are deducted from the account in which the transaction occurred. Make sure you have sufficient funds in your account to cover any fees that may be charged.

Making Purchases

Use your Navy Federal Debit Card at stores, online and over the phone. Select "Debit" or "Credit" at the register—the choice is yours. If you choose "Debit," you'll enter your PIN. At participating retailers, select "cash back", and you'll save on ATM fees and trips to the ATM. If you choose "Credit," just sign and go. Either way, the money comes directly out of your checking account. And, as always, you're not responsible for any reported, unauthorized purchases made in stores, online or on the phone since you're covered by Navy Federal's Zero Liability policy.

Navy Federal Debit Card and CUCARD Tips

1. At the ATM, if you forget your PIN, don't make repeated attempts to enter it. Contact Navy Federal for assistance.
2. Joint owners on checking and savings accounts can have access with a Navy Federal Debit Card or CUCARD as well.
