We offer two programs for refinancing your loans: a variable-rate program and fixed-rate program. The following describes each.

## Variable-Loan Interest Rate & Fees

Your **starting interest rate** will be between  
**6.21% and 13.01%\***

After the starting rate is set, your rate will then vary with the market.

### Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (co-signer credit, automatic payment enrollment, etc.). If approved, we will notify you of the rate you qualify for within the stated range. Interest rates are typically higher without a co-signer.

### Your Interest Rate During the Life of the Loan

Your **rate is variable**. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the 90-day Secured Overnight Financing Rate (SOFR), as published by the Federal Reserve Bank of New York. For more information on this rate, see the reference notes.

Although the rate will vary after you are approved, it will **never exceed 18.00%** (the maximum allowable for this loan).

## Reference Notes

### Variable Interest Rate

- If the loan is a variable-rate loan, it will have a variable interest rate that is based on the average of a publicly available index, the 90-day average of the SOFR, as published by the Federal Reserve Bank of New York 2 business days preceding the quarterly adjustment date. Your rate will be calculated each quarter by adding the average of the 90-day SOFR to a margin between 1.13% and 7.68%.
- The rate may change once a quarter. There is no limit on the amount that the rate could increase at one time. Your rate will never exceed 18.00% or be less than 2.18% for a 15-year loan, 1.68% for a 10-year loan, and 1.13% for a 5-year loan.

### Fixed Interest Rate

- If the loan is a fixed-rate loan, the rate will not vary based on an index as described above.

### Eligibility Criteria

#### Borrower

- Must have graduated from an eligible school.
- Must be the legal age of majority at the time of application—age of majority is determined by your state of permanent residence:
  - Most states: 18
  - AL: 19; NE: 19 (only applies to wards of the state); MS, PR: 21

### Co-Signers

- Rates are typically higher without a co-signer.
- Must be the legal age of majority at the time of application—age of majority is determined by your state of permanent residence:
  - Most states: 18
  - AL: 19; NE: 19 (only applies to wards of the state); MS, PR: 21

### Bankruptcy Limitations

- If you file for bankruptcy, you may still be required to pay back this loan.

### Automatic Pay Discount

- If you enroll in automatic monthly payments from a personal checking or savings account to pay principal and interest amounts that are due, the rate will be reduced by one quarter of one percent (0.25%). The lower rate displayed in the rate range on Page 1 assumes a 0.25% reduction (subject to the floor rate) upon borrower enrolling in automatic payments. This rate reduction will be removed, and the rate will be increased by 0.25% upon any cancellation or failed collection attempt of the automatic payment and will be suspended during any period of deferment or forbearance. As a result, during the forbearance or suspension period, and/or if the automatic payment is canceled, any increase will take the form of higher payments.

**More information about loan eligibility and repayment deferral or forbearance options is available in your loan application and loan agreement.**
